# OZARK'S WHOLESALE PRICES

## PRICE LIST No. 4--WHOLESALE ONLY

**GENTLEMEN:**

THE OZARK NURSERY AND SEED BREEDING FARMS are located in Little Rock, the central distributing point in the State, with easy transportation facilities for reaching every part of the State in the shortest time and we will undertake to supply the trade with the best quality of stock obtainable. We buy no inferior seed and make thorough investigation before purchasing any part of our seed stock. We are building our reputation on quality, purity and service.

We have farms located in Howard, Hempstead and Desha Counties and will produce a large volume of pure bred seed and grow large quantities of plants. There is no reason why a large part of the seed sold in Arkansas cannot be grown in Arkansas soil where it will be acclimated and adapted. Farmers everywhere recognize this value in seed. This is a matter too long neglected in Arkansas and the people of this State have suffered millions of dollars in losses by having to depend upon seed grown in other states with varying soils and climatic conditions. We are trying to overcome this disadvantage by growing good seed. Will you help us with your business?

**PATRONIZE A HOME HOUSE**—Merchants realize the importance of holding the home trade in his home town. No merchant can prosper with his customers sending their trade to mail order houses. We have established a wholesale seed house. There is ample business within the State to make it a big success. Do by us as you would be done by. Give us your business and do not send it out of the State. The way to build up Arkansas business and industry is to buy in Arkansas. We will make the price and deliver the goods, in service and reliability. Mail, wire or telephone your orders. We want your business. If you find a price out of line tell us. Don't tell a competitor. And, remember our goods presents quality every time.

By JOHN H. PAGE, Vice-President.

## Field Seeds

**TERMS:** All prices are net cash; f. o. b. Little Rock, Arkansas. Bags charged extra at cost. This list will be mailed only to merchants and those entitled to wholesale prices. 2 per cent off for cash with order.

March 23, 1922. We reserve the right to change the prices according to market conditions without notice. In event of higher prices prevailing, goods will be shipped according to prevailing prices at the time order is received unless price is limited by customer.

THE OZARK NURSERY & SEED BREEDING FARMS GIVES NO WARRANTY expressed or implied as to quality, description, productiveness, or any other matter of any seeds, plants, bulbs or trees they sell and will not be in any way responsible for the crop. If the purchaser does not accept the goods upon these terms, he must notify them at once and disposition of goods will be given. Vegetable plants and fruit trees cannot be returned, nor any credit allowed under this clause.

We can make shipment by express. WIRE ORDER.

## Seed Corn

DOING OUR PART

At this critical time with the Boal Weevil menace and uncertainty of market conditions it behoves the farmer to plant plenty of feed stuff. Of all feed items the greatest one is certainly corn.

## WE ARE STRONG ON CORN SEED

We are carrying ample stocks of pure varieties of all the leading kinds—NATIVE GROWN. This corn is better adapted to Arkansas soil and climate than Tennessee grown corn or Northern corn. Do not be hood-winked on this proposition. We are farmers. We have tried, TESTED ONE AGAINST THE OTHER. Neither Tennessee or rich land corn will compare in yielding qualities with the stock we are offering.

Special 2 per cent Discount for Cash with Order

# Our Seeds Are Best for Arkansas Lands

## EXPERIMENTAL STATIONS
